

## Smarter Mixing Starts Here: Brawn Mixer Launches the RD5 Laboratory Mixer

Brawn Mixer unveils the RD5 Laboratory Mixer, designed for smaller applications. Brawn Mixer is an industry leader in high quality mixer and mixing systems for liquids. Brawn Mixer manufactures in Michigan, USA for over 30 years. While providing solutions for larger scale applications, a need was realized for a solution on smaller applications. Brawn Mixer has designed the RD5 Laboratory Mixer to fill that need.

### RD5 Laboratory Mixer Features:

- 1/14HP drive with 2,000RPM max speed and 2.43In-Lbs of torque capacity
- Dial for speed control with digital display for live RPM reading
- Plugs into a 120V, 60Hz wall outlet with standard grounding and 6Ft cable
- 3/8" Diameter x 12" Long shaft with 2-1/2" Diameter impeller
- 9/16" Diameter x 10" Long Mounting Rod
- Max batch size is approximately 5 gallons

### Mounting Kit Features:

**Corporate Office: 964A Route 146, Clifton Park, NY 12065**

**Phone: (518) 877-0231**
